

Northwest Grain Growers

Variety Tech Sheet

SWH

- SY Assure
 - 139(DTH) Med Height, Good test wt., good rust resistance, 528 background
- LCS Drive
 - 139(DTH) Short, dynamite rust package, great standability
- LCS Artdeco
 - 140(DTH) Short Stature, Day length insensitive, high yield potential
- LCS Shark
 - 140(DTH) Soil Borne Resistance, Day length insensitive, good rust, Artdeco background
- NW Tandem
 - 141(DTH) Short stature, Day length insensitive, good rust resistance, (Goetze x Skiles)
- LCS Ghost
 - 141(DTH) Med Height, Good rust, High Yield
- SY Raptor
 - 141(DTH) Good test wt., med/short height, good yield potential, ovation
- M-Press
 - 144(DTH), med/tall height good yield potential, broad adaptability, ovation background
- NW Duet
 - 145(DTH), tall stature, good yield potential, good rust resistance (Xerpha x Skiles)
- LCS Hulk
 - 145(DTH), med/tall height, great yield potential, tubbs/French/Brundage background
- Sy Dayton
 - 146(DTH) med height, Soil borne resistant, good yield, good rust resistance Ovation background
- Puma
 - 146(DTH), tall stature, Low Ph resistance, good yield, good test wt., Rod/Madsen background

Clearfied

- UIMagic CL+
 - 140(DTH), earliest of the 2-genes, good yield potential, great spring vigor, broadly adapted
- UI Castle CL+
 - 144(DTH), taller than magic, decent rust resistance, stable yield
- Resilience CL+
 - 144(DTH), Medium height, good rust resistance, good yield potential
- ORCF 102 CL
 - 144(DTH), ONE GENE, still available

*(DTH)- Days to Heading

Variety Tech Sheet

HRW

- LCS Rocket
 - 141(DTH), short/med stature, High yield potential, good rust resistance
- LCS Jet
 - 140(DTH), short/med stature, high yield, overall great genetics
- Keldin
 - 142(DTH), med/tall stature, decent yield, good test. Wt.
- LCS Photon AX
 - Co-Axium production, Early maturity, Great option for grassy weeds, Colorado genetics
- LCS Fusion AX
 - CO-Axium production, Early maturity, Great option to control grassy weeds, Colorado genetics
